Cascade Care (SB 5526) Overview

Response to rising premiums and deductibles and declining enrollment in the individual market and failure to enact reinsurance

Three Main Parts:

1. **Standard Plans**: Goal to make care more accessible by lowering deductibles, making cost-sharing more transparent, and providing more services before the deductible
2. **Public Option Plans**: Goal to make more affordable (lower premium) options available across the state, that also include additional quality and value requirements
3. **Subsidy Study**: Goal to develop and submit a plan for implementing premium subsidies through Exchange for individuals up to 500% FPL (*report due Nov. 15, 2020*)

Plan Highlights: Standard Plan (Cascade Care) Silver and Bronze

Plan Name	Cascade Silver	Cascade Bronze
